

organizer sending Invite to potential members.

#1

John is planning to purchase a new car that costs \$20K & to avoid paying a huge interest rate He plans to organize a New Rosca.

#2

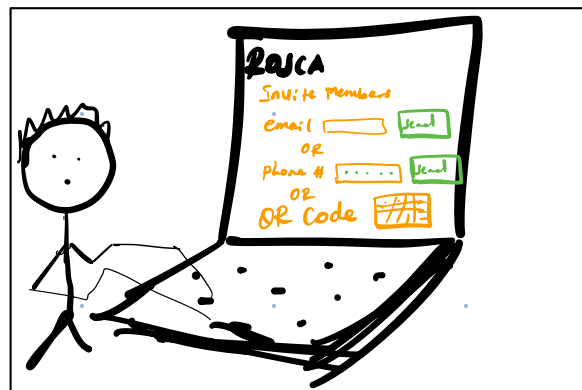

He opened his Rosca APP & started to fill out the Rules & Regulations of the group, Contribution amount, frequency etc... & Create a New Rosca group.

#3

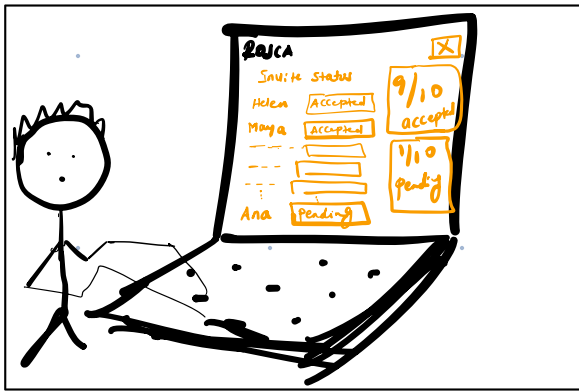

Soon after he created the group he Clicked on "Invite Members"

#4

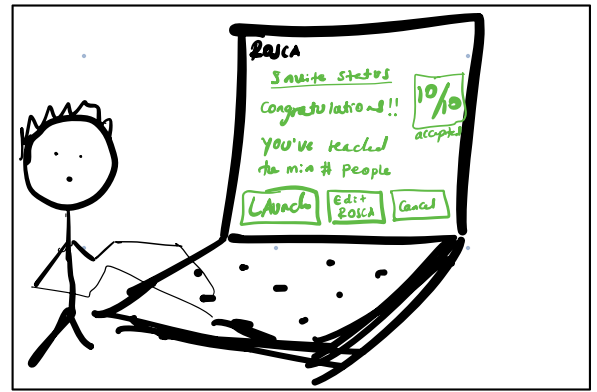

He typed his friends (potential members) phone #, email and send them an Invite to join the group.

#5

When snuited members accept the snuite it will update their status in the snuite status page. and also tells how many snuites accepted & how many are still pending

#6

Once the minimum number of people John set to launch the Rasca group is met. He will receive a notification.

#7

John Rasca Group is now created & launched. Members can now start making contributions.
